Education

NIT Patna CGPA
Bachelor of Technology in Computer Science and Engineering, 2024-2028 *9.28*

St Paul Sr Sec School Percentage
CBSE, 2023 *93.4*

St Joseph Public School Percentage
CBSE, 2021 *94.4*

Experience

Hackslash Club, NIT Patna May 2025–Present
Web Developer

- Contributed to the official **Hackslash Club website** used by **1000+ students**, building responsive UI components and REST API integrations using React.js, Tailwind CSS, Node.js, and MongoDB.
- Collaborated with the development team using Git and GitHub through feature branches, pull requests, and code reviews; improved page performance, responsiveness, and overall user experience.

Projects

Employee Management System [GitHub] [Live]
React.js, Node.js, Express.js, MongoDB, JWT, Tailwind CSS, REST API *May 2026*

- Engineered a full-stack Employee Management System using the MERN stack with dedicated Admin and Employee dashboards, implementing role-based access control and secure authentication.
- Developed RESTful APIs and MongoDB integrations for employee CRUD operations, leave management, and approval workflows, with Nodemailer-powered automated email notifications.
- Implemented automated payroll processing, optimized employee management workflows, and enabled downloadable payroll reports for efficient salary tracking and record management.

Grocery Delivery Website [GitHub] [Live]
React.js, Node.js, Express.js, MongoDB, JWT, Tailwind CSS, REST API, Stripe *July 2026*

- Developed a full-stack grocery delivery platform using the MERN stack, implementing dynamic product listings, category-based filtering, and responsive user interfaces.
- Integrated authentication, MongoDB-backed product and order management, and RESTful APIs to handle cart operations and order placement.
- Implemented secure payment processing using Stripe and developed order management workflows to streamline checkout and order tracking.

Technical Skills

Languages: C/C++, Java, Python, SQL, JavaScript, HTML/CSS
Frameworks: React.js, Next.js, Express.js, Node.js, Tailwind CSS
Developer Tools: Git, GitHub, VS Code, Postman
Databases: MongoDB, MySQL
Core Areas: Data Structures and Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks

Achievements and Certifications

- Solved 450+ Data Structures and Algorithms problems on LeetCode with a strong focus on problem-solving and algorithmic optimization. Profile Link
- Achieved a score of 97% in NPTEL's *Joy of Computing Using Python* course, earning the **Elite** certification and ranking among the top 2% of learners. Result
- National Semi-finalist, Flipkart GRiD 8.0, 2026. Selection Mail
- Myntra WeForShe Hacker-ramp 2026. Certificate
- Adobe University Hackathon 2026. Certificate
